

Hi Class 4!

Welcome back after our Easter holidays!

I will continue to update little challenges to the Classdojo (if you haven't got your login details then send me a message (c.gray103@durhamlearning.net) and I have managed to upload our class book on there so you can follow along with our book!

I am sure you still have a lot of work to do in your packs, especially the Africa, art and materials projects! remember what I suggested are just ideas, be creative and as long as its on topic you can add your own art work, writing and activities.

Remember to keep practicing your handwriting and learn those spellings! Take a few each day and create Word of the Day, handwriting activities and test yourself!

I will post some more maths work on here at the end of this week but remember to access nrich website (link below) to see some great problem solving ideas.

Remember you all have your fiction express logins and there are great activities to share on there!

Stay Safe
