Autumn Term 2025-2026

Dear Parents/Careers,

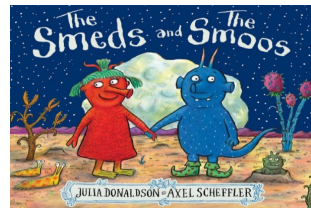

We are happy to welcome our families and children into Class 1.

We are proud of how quickly they have settled into the new routines.

We have lots of interesting learning to cover in Class 1 across our curriculum offer. It is therefore important that children arrive on time to start lessons at 8:30am. Children should ensure that they have their book bag in school each day.

A Snapshot of our Learning

In **Literacy/English** we are reading a variety of texts in Autumn 1 focusing on Family and Space as well as some seasonal stories.

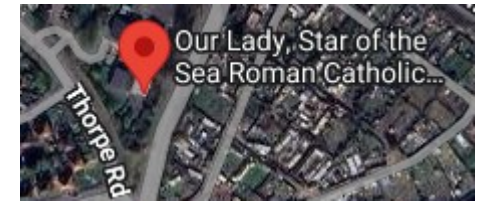

We are following the Sounds-Write Programme for **Phonics** with Reception starting with their initial code and Year 1 working on the Extended Code.

In **Maths** we are looking at Place Value, Number formation, shape and Year 1 will also be exploring fact families and addition and subtraction.

In **History** we are exploring past and present, focusing on toys through time.

In **Geography** we will be exploring where we live and the local area.

In **Science** we are exploring Materials and their properties, followed by Earth and Space.

In **Outdoor Learning** we will learn about the world around us.

In **Computing** Year 1 will be learning basic computer skills e.g. using a mouse and creating a document.

Through our **Collective Worship**, we continue to celebrate key events across the liturgical year. These Celebrations of the Word will take place in class during the week. We will learn about God's creations in **R.E** and towards the end of this term, we will also begin our preparations for Advent as we ready ourselves to reflect on the arrival of Jesus into the world.
